---

This year, 2015, Tommy's celebrates its 50th anniversary!!!

It is no small task to be part of the restaurant community in San Francisco where our beloved city has more restaurants per capita than New York.

The entire Bermejo and Tommy's families are eternally grateful to all of our incredible guests, vendors and the Tequila industry for helping and supporting everybody involved in the restaurant. On behalf of my parents, Elmy and Tommy, who started this restaurant in 1965, we would all like to thank everyone who has come to the Richmond district and spent time with us. Whether you just heard about us a few days ago or have been coming since the 60's, 70's, 80's, 90's, 2000's: Muchismas Gracias!

If all goes well, we will continue to see you all for the next 50!

\*Big News: Believe it or not, look for our new website coming soon!

Julio
